

WHITNEY FORKLIFT TIPPING SKIP

3 way entry base

Suitable for moving materials or rubbish the WTS is the ideal tool to help maintain a clean and efficient building site.

Features include, tip handle with safety catch, automatic reset, 3 way entry base, safety chain, reinforced top edges with the skip body manufactured from 3mm steel

As an option, we offer the 750 and 1250 Litre skips with a 2 way entry base suitable for the fitting of castors. When fitted these make the skips suitable for use inside buildings.

Capacity	Dimensions in mm				Unladen
in litres	Length	Width	Height	Max SWL (kg)	weight (Kg)
1250	1770	1320	1108	2000	245
1750	1837	1338	1280	2000	295
