

CRANE MAN RIDING CAGES

The NA1 Crane Man Cage is a compact design to carry one person plus tools when working in areas where accessibility is a problem. The cage is supplied with a 1 metre long, 10mm dia chain for attachment to the crane hook.

The NA2 and NA4 Crane Man Cages are designed to carry two/four people plus tools and come with an inward opening gate, non slip floor, inner rail to attach safety harness, 4 leg lifting and two leg safety slings.

The NAB Stretcher Cage is specifically designed for transporting an injured person on a stretcher along with one attendant . The cage has slide up gates for easy access, fully meshed sides for extra safety, 4 leg lifting and two leg safety slings. A side access ladder is fitted to enable attachment to the crane hook.

All Cages are CE marked with Test Certificate and EC Declaration of Conformity.
Safety harness and lanyard must always be worn by all persons using man riding cages.

| Capacity in litres | Dimensions in mm | | | | Unladen weight (Kg) |
|--------------------|-------------------|--------|-------|--------|---------------------|
| | Carrying capacity | Length | Width | Height | |
| NA1 | 1 persons/125kg | 700 | 700 | 2250 | 97 |
| NA2 | 2 persons/240kg | 1570 | 1040 | 2263 | 196 |
| NA4 | 4 persons/480kg | 2100 | 1100 | 2366 | 270 |
| NAB | 2 person/265kg | 2500 | 1208 | 2205 | 370 |
